Test Results

Please note that the Practice has a strict policy regarding confidentiality and Data Protection and we will only release test results to the person to whom they relate unless that person has given prior permission for the release of this data, or they are not capable of understanding the results.

When you take your test you will be told how long it will be before the results are returned to the Practice.

It is your responsibility to enquire about your results. To do this, please telephone the surgery between 11am and 1pm, or 5pm and 6pm when it is less busy and more private to discuss your results. It may be necessary for you to make an appointment to discuss your results with the doctor who organised the test.
