Following the proposal by Stapenhill Medical Centre to close their branch surgery in Rosliston, we have heard that some patients are not sure of where to submit feedback on the proposal. Both East Staffordshire CCG and the local NHS England Office have received a number of correspondence mainly via email and letters. We have collected and taken consideration of all the communication we have received from patients affected and members of the public. However, given that there may still be affected patients who want to provide feedback on the proposed Rosliston Branch Surgery closure, we would like to extend the opportunity to do so by emailing us using the address below.

Please note that if you have already made contact with either the CCG or NHS England, your feedback has been logged and there is no need to resubmit your initial correspondence via this email address.

The email address to use is: ESCCGPrimaryCare@northstaffs.nhs.uk

There will be a meeting of the East Staffordshire CCG Primary Care Committee taking place on Monday 13th May, to discuss the application from Stapenhill Medical Centre to close it's branch surgery at Rosliston.

The meeting will be at 2pm, held at The Pavillion, Branston Golf and Country Club, Branston, DE14 3DP.
